Strategic Event Solutions

As a founder who has spent years building a global network of CIOs and female tech executives, I've seen firsthand the transformative power of connection. Through MoreEquality BV, I'm bringing this vision to life with tailored events designed to foster collaboration, inspire innovation, and elevate women in technology.

Our Strategic Event Solutions are more than just gatherings—they're curated experiences where leaders can thrive, share insights, and create lasting impact.

Exclusive (Female Tech) Executive Dinners

These intimate dinners bring together a maximum of 12 female tech leaders in a private and welcoming environment. I've designed these events to create a trusted space where executives can engage in candid conversations, share experiences, and build meaningful relationships. It's about mentorship, mutual support, and celebrating the power of women leading in tech.

Bringing together CIOs and female tech executives from my global network, these bespoke events are tailored to inspire collaboration and thought leadership. From interactive discussions to expert-led panels, I ensure every element of these gatherings fosters real-world impact and actionable outcomes.

Workshops

Workshops are the cornerstone of practical learning and innovation. I collaborate with industry experts from my network to deliver skill-building sessions that address the unique challenges female tech executives face. These workshops empower leaders with tools and strategies to navigate the evolving tech landscape and drive meaningful change.

Why I Do This

MoreEquality BV isn't just a business for me—it's a passion. I believe in the power of diversity and inclusion to drive innovation and success. By bringing together exceptional female tech leaders, we're creating a ripple effect of empowerment across the industry.

These events are deeply personal to me. They reflect my commitment to fostering a community where people in tech can connect, thrive, and lead with confidence.
